

# Trunnion support LNZG-100/125

Part number: 32962

FESTO

## Data sheet

| Feature                                            | Value                                                              |
|----------------------------------------------------|--------------------------------------------------------------------|
| Size                                               | 100/125                                                            |
| Based on norm                                      | ISO 15552                                                          |
| Corrosion resistance class (CRC)                   | 2 - Moderate corrosion stress                                      |
| LABS (PWIS) conformity                             | VDMA24364-B2-L                                                     |
| Suitability for the production of Li-ion batteries | Suitable for battery production with reduced Cu/Zn/Ni values (F1a) |
| Ambient temperature                                | -40 °C...80 °C                                                     |
| Max. load capacity                                 | 9 kN                                                               |
| Product weight                                     | 306 g                                                              |
| Note on materials                                  | RoHS compliant                                                     |
| Mounting material                                  | Wrought aluminum alloy                                             |
| Material of bearing                                | Polymer                                                            |
