

# Angled connection plate VABF-S2-1-A1G2-G38

Part number: 546097

FESTO

## Data sheet

| Feature                                  | Value                                                              |
|------------------------------------------|--------------------------------------------------------------------|
| Width                                    | 42 mm                                                              |
| Based on norm                            | ISO 5599-2                                                         |
| Mounting position                        | Any                                                                |
| Operating pressure                       | -0.09 MPa...1 MPa<br>-0.9 bar...10 bar                             |
| Operating medium                         | Compressed air as per ISO 8573-1:2010 [7:4:4]                      |
| Information on operating and pilot media | Operation with oil lubrication possible (required for further use) |
| Corrosion resistance class (CRC)         | 0 - No corrosion stress                                            |
| LABS (PWIS) conformity                   | VDMA24364-B1/B2-L                                                  |
| Degree of protection                     | IP65<br>NEMA 4                                                     |
| Ambient temperature                      | -5 °C...50 °C                                                      |
| Product weight                           | 176 g                                                              |
| Type of mounting                         | With through-hole                                                  |
| Housing material                         | Die-cast aluminum                                                  |
