

# Mounting flange YSRF-32

Part number: 11686

FESTO

## Data sheet

| Feature                          | Value                         |
|----------------------------------|-------------------------------|
| Size                             | 32                            |
| Corrosion resistance class (CRC) | 2 - Moderate corrosion stress |
| LABS (PWIS) conformity           | VDMA24364-B2-L                |
| Product weight                   | 1730 g                        |
| Type of mounting                 | With through-hole             |
| Housing material                 | Steel<br>Galvanized           |
