

# Manifold rail

## VABM-C8-12E-G14-6-PT-L

Part number: 1247976

FESTO

## Data sheet

| Feature                                      | Value                                                 |
|----------------------------------------------|-------------------------------------------------------|
| Width dimension                              | 12 mm                                                 |
| Max. no. of valve positions                  | 6                                                     |
| UKCA marking (see declaration of conformity) | To UK instructions for EMC<br>To UK RoHS instructions |
| Corrosion resistance class (CRC)             | 0 - No corrosion stress                               |
| LABS (PWIS) conformity                       | VDMA24364-B1/B2-L                                     |
| Max. tightening torque for valve mounting    | 0.6 Nm                                                |
| Max. tightening torque for wall mounting     | 5 Nm                                                  |
| Product weight                               | 627 g                                                 |
| Pneumatic connection 1                       | G1/4                                                  |
| Pneumatic connection 3                       | G1/4                                                  |
| Pneumatic connection 5                       | G1/4                                                  |
| Note on materials                            | RoHS compliant                                        |
| Manifold rail material                       | Wrought aluminum alloy                                |
