**EASC-G1-75-100-F**  
Part number: 570838

**FESTO**

**Data sheet**

| Feature                          | Value                              |
|----------------------------------|------------------------------------|
| Size                             | 75                                 |
| Mounting position                | Any                                |
| Corrosion resistance class (CRC) | 2 - Moderate corrosion stress      |
| LABS (PWIS) conformity           | VDMA24364-B2-L                     |
| Note on materials                | RoHS compliant                     |
| Cover profile material           | Wrought aluminum alloy<br>Anodized |
| Adapter plate material           | Wrought aluminum alloy<br>Anodized |
