

## Sub-base kit DADP-SP-G9-16-R

Part number: 8173534

**FESTO**

### Data sheet

| Feature                                                   | Value                                                              |
|-----------------------------------------------------------|--------------------------------------------------------------------|
| Size                                                      | 16                                                                 |
| Mounting position                                         | Any                                                                |
| Corrosion resistance class (CRC)                          | 2 - Moderate corrosion stress                                      |
| LABS (PWIS) conformity                                    | VDMA24364-C1-L                                                     |
| Suitability for the production of Li-ion batteries        | Suitable for battery production with reduced Cu/Zn/Ni values (F1a) |
| Cleanroom suitability, measured according to ISO 14644-14 | Class 6 according to ISO 14644-1                                   |
| Ambient temperature                                       | -10 °C...60 °C                                                     |
| Max. stop force                                           | 200 N                                                              |
| Max. tightening torque                                    | 0.8 Nm                                                             |
| Tightening torque tolerance                               | ±15%                                                               |
| Product weight                                            | 68 g                                                               |
| Type of mounting                                          | Direct fastening via thread                                        |
| Note on materials                                         | RoHS compliant                                                     |
| Stops material                                            | High-alloy steel                                                   |
| Seals material                                            | NBR                                                                |
| Plate material                                            | Wrought aluminum alloy, anodized                                   |
| Material of screws                                        | Steel                                                              |
