

# Barbed bulkhead connector SCN-PK-4

Part number: 11973

**FESTO**

## Data sheet

| Feature                                         | Value                                                              |
|-------------------------------------------------|--------------------------------------------------------------------|
| Nominal width                                   | 2.8 mm                                                             |
| Operating pressure for entire temperature range | -0.95 bar...10 bar                                                 |
| Operating medium                                | Compressed air as per ISO 8573-1:2010 [7:-:-]                      |
| Information on operating and pilot media        | Operation with oil lubrication possible (required for further use) |
| LABS (PWIS) conformity                          | VDMA24364-B1/B2-L                                                  |
| Ambient temperature                             | 0 °C...60 °C                                                       |
| Pneumatic connection 1                          | For pneumatic tubing outside diameter 6 mm                         |
| Note on materials                               | RoHS compliant                                                     |
| Housing material                                | Aluminum                                                           |
| Nut material                                    | Steel, galvanized                                                  |
