

# Profile mounting EAHF-E24-60-P

Part number: 8197132

FESTO

## Data sheet

| Feature                                            | Value                                                              |
|----------------------------------------------------|--------------------------------------------------------------------|
| Size                                               | 60                                                                 |
| Corrosion resistance class (CRC)                   | 0 - No corrosion stress                                            |
| LABS (PWIS) conformity                             | VDMA24364-C1-L                                                     |
| Suitability for the production of Li-ion batteries | Suitable for battery production with reduced Cu/Zn/Ni values (F1a) |
| Product weight                                     | 71 g                                                               |
| Note on materials                                  | RoHS compliant                                                     |
| Plate material                                     | Wrought aluminum alloy, anodized                                   |
